

Nicholas Ashley

980-228-8668 | Nashley3785@gmail.com | linkedin.com/in/nic-ashley | github.com/NickDev00

Technical Skills

Languages: HTML, Ruby, JavaScript, CSS, Python

Databases: SQL, PostgreSQL, Redis

Software/Tools: Capybara, React.js, Foundation, GitHub, AWS, Ruby on Rails

Projects

(Portfolio) Personal Website: <https://nicholasashleyportfolio.herokuapp.com/>

- Built using HTML CSS, Javascript and PHP.
- Overview of my interests, experience, skills and projects.

(Launch) LaunchGame Reviews: game-reviews-launch.herokuapp.com_github.com/Cddumont/Group-project

- Built a review website that allows users to post a review, vote on a review of a videogame, and add a new video game to our catalog.
- Admin functionality and user's data is saved using Amazon cloud services which helps secure people's personal information.

Related Experience

Launch Academy

Boston, MA

Apprentice Full Stack Developer

March 2020 - August

2020

- Completed an immersive bootcamp developing the skills necessary to be a full-stack developer, focusing specifically on JavaScript, React, Ruby, and Rails.
- Interacted with co-workers remotely through pair programming and practiced Git workflow and Agile methodologies while developing group projects.
- Utilized Test Driven Development, Object Oriented Programming, and clean coding practices.

Other Experience

Sam's Xpress Car Wash

Charlotte, NC

Assistant Manager

December 2017 - June 2020

- Led a staff of 22 employees while managing ticket sales, controlling man hours, and enforcing safety guidelines.
- Prioritized equipment maintenance and store cleanliness in addition to customer service and satisfaction.
- Managed daily statistics via Excel and an internal software program; emailed reports to the corporate office.
- Trained employees on how to perform their jobs and how to handle stressful situations when loading vehicles into the bay

Volunteer Experience

Harrisburg Youth Association

Harrisburg, NC

Youth Soccer Coach

August 2015 - August 2018

Education

Rowan Cabarrus Community College

Kannapolis, NC

Computer Science (One Semester)

August 2019 - December 2019
